

Bug & Usability Findings Log

ID	Scenario/Screen	Type	Description	Steps	Severity	Suggested fix	Screenshot ref	Form-submission timestamp
001	B4	Bug	With the language set to English, the date selection pop-up in the My Activities filter on the My Registrations/ticket page cannot be changed to English	1. Set language as English. 2. Open a date picker popup in My Activities filter.	Low	The calendar pop-up must also be in the same language as the language currently set..	Screenshot 1 Screenshot 2	00:12 27/07/2026
002	B4	Bug	The filter allows users to select a start date after the event's end date	1. Open a date picker popup. 2. Choose a date range with a start date later than the end date.	Medium	Prevent the end date from being earlier than the start date.	Screenshot 1	00:16 27/07/2026
003	B4	Bug	The file format is not specified in the image upload function for account profile pictures	1. Tap the camera icon on your profile picture. 2. Look for images in unusual formats, such as .CR2.	Medium	Note the valid image file formats before the user selects an image.	Screenshot 1 Screenshot 2	00:18 27/07/2026
004	B4	Bug	Returning to the My Registrations / ticket screen will reset the event filter and the line count per page	1. Go to My Registration / ticket page and select start date change and line numbers on each page. 2. Switch to another page (e.g., Calendar). 3. Press the	Medium	Filters and line numbers on a page should remain the same when returning from another page.	Screenshot 1 Screenshot 2 Screenshot 3	00:20 27/07/2026

				back button in browser.				
005	B2	Bug	Registration hasn't received a confirmation notification	1. Go to Registration form — role selection. 2. Select role and click Register.	Medium	Users need to be asked for confirmation to avoid accidental button presses.	Screenshot 1	00:21 27/07/2026
006	B4	Bug	During connection loss, register button shows spinning circle and reverts to "Register" after failure, but no error message or toast is displayed	1. Open Registration form. 2. Disconnect from internet. 3. Choose role and press register button.	Medium	Notifications about connection loss are needed.	Screenshot 1 Screenshot 2	00:23 27/07/2026
007	B2 & B4	Bug	The event status value has inconsistent colors because it is displayed in a different color	1. Open Event detail page for an upcoming event (notice color of "upcoming"). 2. Open My Registrations / ticket and find the same event (notice color of "upcoming").	Low	There needs to be consistency in the color of event statuses across different pages.	Screenshot 1 Screenshot 2	00:24 27/07/2026
008	B4	Bug	The screen doesn't display any visual indicators showing that the file is being downloaded	1. Open My Registrations / ticket. 2. Click Export.	Low	Show a visual representation of the file download process.	Screenshot 1	00:25 27/07/2026
